**STEVEN BELLONE**  
SUFFOLK COUNTY EXECUTIVE

DEPARTMENT OF HEALTH SERVICES

**JAMES L. TOMARKEN, MD, MPH, MBA, MSW**  
Commissioner

June 10, 2019

Direct Environmental Corp.  
c/o Frank Cruz, President  
1231 Lafayette Avenue—2<sup>nd</sup> Floor  
Bronx, New York 10474

Dear Mr: Cruz:

The Suffolk County Department of Health Services reviewed the information and testing results that you provided for the Tersano Lotus Pro II Ozonated Water Solution system and have determined that it meets the surface sanitizing requirements described in Article 13 of the Suffolk County Sanitary Code.

Staff in any food establishment regulated by Suffolk County that utilizes the system reviewed must be properly trained on use of the ozonator, and proper test strips must be available at all times. In addition, a secondary sanitizer (such as chlorine or a quaternary ammonia sanitizer) must be available if the ozonation system is unable to produce the ozone level required to adequately sanitize equipment.

If you have any questions please contact Lisa Kolody in the Bureau of Public Health Protection at (631) 852-5838.

Sincerely,

Lisa Kolody  
Senior Public Health Sanitarian  
Bureau of Public Health Protection
