Re: Bigbelly Solar Powered Compactors

The City of Orange Township is extremely satisfied with its Bigbelly compactors. We first purchased Bigbellies for our business district a few years ago to help manage the waste in the district and it was an immediate hit. This year we purchased more of them to help with other high traffic areas to expand our coverage and increase our sustainability goals.

As with any product, having great support is crucial and we have that in Franklin Cruz and his company, Direct Environmental Corp. which also happens to be a minority business enterprise. Here at the City of Orange, we're projecting to make more purchases of Bigbelly compactors in the future as we continue to green our great city with the help of the Bigbelly compactors.

Sincerely,

Marty Mayes, CRP, SRMP, CPWM  
Director of Public Works/Engineering  
Director of Planning/Economic Development
